

Effective Date: 2023/03/05

Introduction:

OE HUB ("we," "us," or "our") is committed to protecting your privacy and being transparent about how we collect, use, and share your personal data. This Cookie Policy explains what cookies are, how we use them on our website (the "Site"), your choices regarding cookies, and how you can find more information about our data privacy practices.

What are cookies and similar technologies?

Cookies are small text files that are downloaded and stored on your computer, smartphone, or other devices when you visit a website. They act like digital breadcrumbs, remembering information about your preferences and past use of the website. Similar technologies, like local storage and web beacons, may also be used to collect and store information.

What types of cookies and similar technologies do we use?

We use the following types of cookies and similar technologies on our website:

- **Essential Cookies:**

These cookies are strictly necessary for the website to function and enable essential functionalities. They allow you to navigate the site, access secure areas, use shopping carts, and complete forms. Disabling these cookies may impair the website's functionality and your ability to use certain features.

- **Performance Cookies:**

These cookies collect information about how you use our website, such as the pages you visit, the time you spend on each page, and any errors you encounter. This information helps us improve the website's performance, user experience, and identify areas for improvement.

- **Functionality Cookies:**

These cookies allow the website to remember your preferences, such as your language preference, chosen location, or font size. This personalizes your experience and avoids you having to re-set your preferences every time you visit the site.

- **Analytics Cookies:**

These cookies are used by third-party analytics providers, such as Google Analytics, to collect and analyse data about website usage and user behaviour. This information helps us understand how visitors interact with the website, identify popular content, and improve the overall experience.

- **Targeting/Advertising Cookies:**

These cookies may be placed on your device by our third-party advertising partners. They collect information about your browsing habits across websites and are used to build a profile of your interests. This information is then used to deliver targeted advertising that is relevant to your interests, both on our website and other websites you visit.

How long do we store cookies and similar technologies?

The duration for which a cookie or similar technology is stored on your device depends on its type:

- **Session Cookies:**

These cookies expire at the end of your browser session and are deleted from your device when you close your browser.

- **Persistent Cookies:**

These cookies remain on your device for a predetermined period (minutes, days, or years) even after you close your browser. The expiration date is set within the cookie itself.

Your Choices Regarding Cookies and Similar Technologies:

We respect your right to control your personal data and information. You have several options regarding cookies and similar technologies:

- **Accepting All Cookies:**

You can accept all cookies by continuing to use our website.

- **Managing Your Cookie Preferences:**

Most web browsers allow you to manage your cookie preferences through their settings options.

You can typically choose to:

- **Block all cookies:** This will prevent any cookies from being stored on your device. However, it may also prevent you from using certain functionalities on our website.
- **Block third-party cookies:** This will only prevent cookies from third-party entities (like advertising partners) from being stored on your device. First-party cookies from OE HUB will still be stored.
- **Delete cookies:** You can delete cookies that have already been stored on your device.
- **Receive a notification before a cookie is stored:** This will allow you to choose whether to accept or reject individual cookies.

Please refer to your browser's specific instructions for managing cookie preferences.

- **Opting Out of Interest-Based Advertising:**

You can opt out of receiving interest-based advertising from some third-party advertisers by visiting the following websites:

- Digital Advertising Alliance (DAA): <https://youronlinechoices.eu/>
- Network Advertising Initiative (NAI): <https://optout.networkadvertising.org/>

Please note: Disabling certain cookies may affect the functionality of our website and your experience. Some features may not work as intended, and you may see generic advertising that is not tailored to your interests.

Children's Privacy:

OE HUB does not knowingly collect or solicit personal data from children under the age of 13. If you are a parent or guardian and you believe your child has provided us with personal data, please contact us. We will take steps to remove the data from our systems.

Changes to this Cookie Policy:

We may update this Cookie Policy from time to time to reflect changes in our practices or applicable laws. We encourage you to review this Cookie Policy periodically to stay informed about our data privacy practices.

Contact Us:

If you have any questions about this Cookie Policy or our data privacy practices, please contact us:

- By email: legal@oe-hub.com
- By visiting this page on our website: [Contact Us – OE HUB](#)

Additionally, you can review our full Privacy Policy for more information about how we collect, use, and share your personal data: [Privacy Policy – OE HUB](#)

Thank you for visiting our website! We are committed to protecting your privacy and providing you with a transparent and informative experience.
